

## STAKEHOLDER MEETING

### 2015 OZONE STANDARD BOUNDARY DESIGNATIONS

Please join ADEQ's Air Quality State Implementation Plan Section to generally discuss boundary recommendation progress and its state impact.

**When:** February 23, 2016, from 10:00 to 11:30 a.m.

**Where:** Arizona Department of Environmental Quality, 1110 W. Washington St, Rm. 3175 (3rd floor), Phoenix, Arizona, 85007

The EPA recently revised the National Ambient Air Quality Standard (NAAQS) for ozone. More information on this action is available [here](#). This NAAQS revision requires the Governor to submit boundary recommendations as to whether certain areas within the state are attainment, nonattainment, or unclassifiable (inadequate data to make a determination) areas based on measured ozone concentrations and available data.

ADEQ is currently developing these boundary recommendations for the Governor and would like to consult with all affected stakeholders. The Governor must submit these recommendations to the EPA by October 2016, which means ADEQ must publicly notice draft recommendations between May and June of 2016.

ADEQ looks forward to the opportunity to work with you.

---

### **Parking and Accessibility**

You can find information for parking, maps, and directions on the ADEQ website [here](#). To request an auxiliary aid or service for accessible communication, please call ADEQ at (602) 771-4791, email ADEQ at [aap@azdeq.gov](mailto:aap@azdeq.gov), or dial 7-1-1 for TTY/TTD Services. Please make requests early to allow sufficient time to arrange appropriate accommodations.

### **About ADEQ**

Established by the Arizona Legislature under the Environmental Quality Act of 1986, the Arizona Department of Environmental Quality is the state agency for protecting and enhancing public health and the environment of Arizona. For more information, visit <http://www.azdeq.gov/>.
