Pollutant	Yesterday 3/5/2017	Wednesday 7/26/2017	Thursday 7/27/2017	Friday 7/28/2017	Saturday 7/29/2017	Sunday 7/30/2017
O ₃	30	39	37	35	33	35
PM ₁₀	18	32	35	41	34	35

Forecast Continued:

Synopsis & Discussion

Forecaster: –P. Patel

While other parts of the state see thunderstorms, Yuma will see none of it until Saturday. Air quality in the region has been great this week. The next 48 hours should be the same. Both pollutants are expected to be in the Good range.

Check back tomorrow for more. Until then, have a good day!
