**RE: UA Page Trowbridge Ranch Landfill (PTRL), EPA ID No. AZD980665814
CERTIFICATION OF POST-CLOSURE NOTICE TO ZONING AUTHORITY
PINAL COUNTY RECORDER FEE NUMBER 2012-019244**

Director Darwin:

The University of Arizona manages the closed Page-Trowbridge Ranch Landfill (PTRL), and is currently working with the ADEQ Hazardous Waste Permit Unit on renewal of the Post Closure Permit for this facility. A Facility Closure Certification was completed in 1998, and was included in the first Post Closure Permit. However, the UA has been unable to ascertain that the Post Closure Notice was recorded with the local zoning authority or certified to the ADEQ Director as required by 40CFR §264.119(b).

To bring the current Post Closure Permit renewal application current, the UA had the attached document recorded with the Pinal County Recorder's Office on March 9, 2012. This letter is Certification of that filing with the Director of ADEQ as required.

The document filed with Pinal County includes the following sections:

1. Legal Description, Facility Description, and Property Use Restriction
2. Owner (UA) and Engineer Closure Certifications from February, 1998
3. Owner's Closure Notice of 1986 recorded with Pinal County documenting cessation of landfill waste burials at PTRL
4. Survey Plat indicating burial cells and permanent benchmarks
5. Inventory of buried waste chemicals at PTRL

OWNER'S CERTIFICATION

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based upon my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate,

and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

SECTION 1 – LEGAL DESCRIPTION AND FACILITY DESCRIPTION

Facility Name: Page-Trowbridge Ranch Landfill (PTRL)
EPA ID No. AZD980665814

Facility Owner: Arizona Board of Regents on behalf of the University of Arizona

Legal Description: Southwest quarter of the Southwest quarter of the Northwest quarter (SW1/4 SW1/4 NW1/4), of Section thirty-four (34), Township nine (9) South, Range fourteen (14) East of the Gila and Salt River Base and Meridian.

The Page-Trowbridge Ranch Landfill is located in the Oracle/Oracle Junction area of Pinal County, Arizona, north of State Highway 77, approximately seven miles west of Oracle and 30 miles north of Tucson. The landfill occupies 3.25 acres in the southwest corner of the larger 640 acre Page-Trowbridge Ranch owned by the University of Arizona, which includes the southern half of Section 27 and the northern half of Section 34.

From 1962 until February 1986, PTRL was used for burial disposal of low-level radioactive and chemical wastes, generated from operations of the University of Arizona, Arizona State University, Northern Arizona University, and the Veterans Hospital in Tucson. The PTRL burial areas occupy a total of 3.25 acres, and consist of two units: Unit A (northern unit 200 feet by 200 feet), and Unit B (southern unit, 200 feet wide by 500 feet long).

A Closure Plan approved by ADEQ for PTRL was completed in 1997. The Closure system entailed construction of a single, monolithic earthen final cover system over each burial unit (A and B), comprised of multiple engineered layers designed to stabilize the surface above the landfill with a vegetative cover, absorb and evaporate precipitation, and manage surface water flows to avoid impacts on buried waste materials.

A ten-year Post-Closure Permit for PTRL was issued by ADEQ on November 6, 2001, and is in process for renewal in 2012. The Post-Closure Permit specifies requirements for site security and maintenance, site inspections, groundwater monitoring, contingency plan, and reporting.

PROPERTY USE RESTRICTION PER 40CFR §264.119(b)(1)

- a. THE PROPERTY DESCRIBED HEREIN HAS BEEN USED TO MANAGE HAZARDOUS WASTES**
- b. USE OF THE PROPERTY DESCRIBED HEREIN IS RESTRICTED UNDER 40CFR §264, SUBPART G.**
- c. A SURVEY PLAT OF WASTE BURIAL AREAS AND INVENTORY OF BURIED WASTES IS INCLUDED IN SECTIONS 4 AND 5 OF THIS DOCUMENT.**
- d. ANY ACTION BY THE CURRENT OR ANY FUTURE OWNER OF THE PROPERTY THAT INVOLVES REMOVAL OF HAZARDOUS WASTES, RESIDUES, LINER, OR CONTAMINATED SOILS MUST REQUEST A MODIFICATION TO THE POST-CLOSURE PERMIT IN ACCORDANCE WITH APPLICABLE REQUIREMENTS IN 40CFR §124 AND §270.**

FACILITY CLOSURE

OWNER OR OPERATOR CERTIFICATION

(The owner or operator must certify that the activities performed in closing the facility are in accordance with the specifications of the closure plan approved by the Arizona Department of Environmental Quality, Waste Programs Division. Accordingly, the certification will be straight forward, no matter how complex closure itself has been.)

PROFESSIONAL ENGINEER CLOSURE CERTIFICATION

I, Stephen B. Smith, a registered professional engineer, hereby certify, that I have made a visual inspection of the hazardous waste management unit as described in the Modified Closure Plan dated June 27, 1996, Project Manual for Final Cover System Installation dated September 3, 1996, Construction Plans dated September 4, 1996, and designated for:

Closure of the Page-Trowbridge Ranch Landfill, EPA ID No. AZD 980665814
Closure Plan or Facility Title

I also verify to the best of my knowledge and belief that all activities as required per the approved closure plan or approved amendments to the closure plan, except for the sprig count conformance for Site B, have been performed in accordance with the specifications contained in the closure plan for the facility approved by the Arizona Department of Environmental Quality, Waste Programs Division for the facility.

CERTIFICATION STATEMENT

SCS Engineers' personnel provided Construction Quality Assurance services during the construction of the Final Cover System at the Page-Trowbridge Ranch Landfill located near Oracle Junction, Arizona. Based on the results of the quality assurance program and our observations, SCS certifies that, with the exception of the sprig count conformance for Site B, the Construction Quality Assurance Plan has been successfully implemented and the construction of the Final Cover System is in general accordance with the design criteria and Specifications in the Construction Documents.

CONTRACTING OFFICER

May 27, 1986

To Whom It May Concern:

The University of Arizona has managed a low-level radioactive and hazardous waste site on the Southwest quarter of the Southwest quarter of the Northwest quarter (SW 1/4 SW 1/4 NW 1/4), of Section thirty-four (34), Township nine (9) South, Range fourteen (14) East of the Gila and Salt River Base and Meridian since the early 1960's.

On February 1, 1986 the University ceased all landfill activities at the site. In accordance with the provisions of the approved closure plan, the University of Arizona agrees that the post closure use of the property will never disturb the integrity of the final cover and that proper maintenance of the closed site will continue for the time established in the post closure plan. Further, this notice will be sent to the state (Arizona) and county (Pinal) land authorities upon completion of closure activities at the site.
