**Re: UPCO/ADEQ Consent Agreement**

Dear Neighbor:

I am writing to inform you that the Arizona Department of Environmental Quality (ADEQ) and Universal Propulsion Company (UPCO) have entered into two Consent Orders. One Order is directed to the characterization and remediation of perchlorate at the site and the other Order is directed to the open burning of waste products. Upon reading these Orders, I believe you will agree that these Orders are good for our neighbors, our employees, the City of Phoenix and the State of Arizona. The Orders provide you with assurance that your concerns about the site are being heard and addressed. UPCO is committed to operating a safe and successful business and continuing to be a good, responsible corporate citizen. We compliment ADEQ, and Director Steve Owens for working diligently with us on this matter.

One commitment we have made is to offer our direct neighbors, bordering us on East Yearling, the opportunity to have their wells tested for perchlorate twice annually over the next two years (at our expense). To facilitate this offer, enclosed is a self-addressed, stamped envelope. Please reply in writing if you would like sampling and analytical services for your well water. If you would indicate a day and time preference for the initial sampling, we will work to accommodate your schedule. A copy of the sampling results from your well will only be sent to you and ADEQ. Pursuant to the Consent Order, to be eligible for this offer we must receive your written response by no later than Monday, Nov. 8th, 2004.

Please note that as part of the global aerospace and defense industry, UPCO is in the business of safety. Our locally produced ejection seats have saved the lives of over 653 military pilots. Our focus on safety also applies to our facilities, to the members of the UPCO family that work within them and the communities that we are a part of. We hope you will join with our efforts to affect positive relations and community improvements. We are enclosing copies of the Orders for your review.

Sincerely;

A handwritten signature in black ink, appearing to read "J. HYTE JOHNSON". The signature is fluid and cursive, with a long horizontal stroke at the end.
