

Are there any exemptions to doing a P2 Plan?

Yes, if you meet any of the following exemptions a P2 Plan is not required, even if the facility meets the threshold requirements. The department welcomes voluntary submittal of a P2 Plan.

Exemptions:

- The facility is located on tribal land.
- The facility is a household hazardous waste collection facility.
- The facility is primarily engaged in receiving waste from off-site and has a permit or plan approved under A.R.S. § 49 for storing, treating or disposing of solid, special, or hazardous waste.
- All of the toxic substances used are for metallurgical or mining purposes (smelting, refining).
- The facility is required to file solely due to the storage, supply, application or use of a pesticide as defined in A.R.S. § 3-361 for agricultural application and is subject to the pesticide reporting or record keeping requirements, pursuant to A.R.S. §49-305 or rules adopted pursuant to A.R.S. § 3-363.
- The facility's industry is issued an agricultural general permit pursuant to A.R.S. § 49-947.
- The facility caused a one-time, unexpected, event that generates a hazardous waste or an acutely hazardous waste from an unused hazardous substance and;
 - The unused hazardous substance cannot be lawfully used due to changes in statute, or rule and;
 - A toxic data report has been filed for the event as prescribed in A.R.S. § 49-962 and;
 - The toxic data report is required solely as a result of the one-time generation event.
