Yes	No	N/A	P*	Physical Inspection	Comments:
				Is the the owner or operator of the facility operating in manner that controls vector breeding and fire hazards?	
				Is the owner/agent/occupant of the premises, business, establishment, or industry placing, depositing, or allowing refuse or other objectionable waste on the premises or on any public street, road, or alley?	
				Is the owner or operator of a facility creating a risk to human health or the environment by failing to collect solid waste that is dispersed beyond the boundaries of the solid waste facility on a regular basis?	
				If applicable, did the owner or operator of a solid waste facility obtain plan approval from the Department prior to commencing construction or operation of a temporary treatment facility?	
				Is the owner or operator storing solid waste longer than 90 days?	
				Is the the owner or operator of a solid waste land disposal facility operating without first obtaining approval of a solid waste facility plan?	
				Does the site have tires on site? If so, how many tires are present? Is the site registered as a waste tire collection site? See comment.	
				Does the site have stained soil? If so, see comment for size.	
				Does the site have used oil on site? If so, see comment.	
				Is the owner/agent/occupant improperly discarding or disposing of lead acid batteries?	
				Is the facility accepting, collecting and/or storing lead acid batteries for future transportation to an authorized processing facility?	
				If yes, is the facility authorized by the Department to collect batteries?	
				Did the owner or operator of a solid waste facility fail to operate a facility in manner that controls wind dispersion and other surface dispersion of solid waste from the facility?	
				Was there evidence of improper handling/disposal of biohazardous medical waste?
