Thank you for completing this certification and for buying recycled!

Section 2 - Percent Recycled Fiber in Newsprint Purchased

Instructions: Complete this section for determining the amount of newsprint and recycled fiber newsprint purchased during the reporting period.
Please report in metric tons only. Conversion: 2,204.6 pounds equal one metric ton.
 Use the worksheet on the last page to determine the total tons of recycled fiber in the newsprint purchased.

A. Total metric tons of all newsprint purchased during this reporting period. (Total of Column A on Worksheet)	
Example from Worksheet	650
B. Total metric tons of recycled fiber newsprint purchased during this reporting period. (Total of Column B on Worksheet)	
Example from Worksheet	265
Percent of recycled fiber newsprint purchased during this reporting period. (Answer after using formula below.)	
Example: $(265 \text{ metric tons} \div 650 \text{ metric tons}) * 100\% = 40.8\% = 41\%$	41%

Section 3 - Exemptions

Instructions: If you meet the 40% recycled fiber newsprint purchasing goal, skip Section 3, complete Section 4, sign and return. If you did not meet the 40% goal, you may be eligible for an exemption. Complete Sections 3 and 4, sign and return. If you do not meet the requirements of the exemption(s), or you did not meet the 40% goal, you are in violation of A.R.S. §49-834. Complete Section 4, sign and return.

There are only three conditions that can make a consumer (press operator) of newsprint exempt from meeting the recycled fiber newsprint goal per A.R.S. §49-834 (A) and (E). **Check the exemption(s) that apply.**

Recycled fiber newsprint was not available at a comparable price to that of newsprint made from virgin material. "Comparable price" means a price within five percent of the price of newsprint made from virgin material.	Exemption 1 <input type="checkbox"/>
Recycled fiber newsprint did not meet the reasonable quality requirements of the consumer of newsprint.	Exemption 2 <input type="checkbox"/>
Recycled fiber newsprint was not available within a reasonable period of time.	Exemption 3 <input type="checkbox"/>

Explain specific reason(s) for each marked exemption.

Section 4 - Suppliers of Newsprint

Instructions: Complete an entry for each supplier of newsprint from which you have received newsprint during this reporting period.

Instructions:

1. This worksheet is provided for your convenience.
2. If you feel this information is proprietary, please copy this form, complete the copy and only report the total amounts on page 2.
3. Once your total newsprint purchased (A) has been calculated, insert that number into line A of Section 2.
4. Once your total recycled fiber newsprint purchased (B) has been calculated, insert that number into line B of Section 2.
5. You **do not** have to specify the supplier or prices of each purchase on this sheet.
6. The yellow table below shows an example.
