DRAFT REMEDIAL INVESTIGATION (RI) REPORT
SOLICITATION OF REMEDIAL OBJECTIVES (RO)**

The Arizona Department of Environmental Quality (ADEQ) has released the draft Remedial Investigation (RI) report for the East Central Phoenix 38th Street & Indian School Road Water Quality Assurance Revolving Fund (WQARF) site in Phoenix, Arizona [Arizona Administrative Code R18-16-404(C)(1)(b)]. An RI report is prepared to identify the nature and extent of contaminated soil and waters of the state and the sources thereof; identify current and potential impacts to public health, welfare and the environment; identify present and reasonably foreseeable future uses of the land and groundwater; and obtain and evaluate any other information necessary for identification and comparison of alternative remedial actions. Proposed remedial objectives (RO) are solicited from the public and are the clean-up goals determined for a specific site and consider the current and reasonably foreseeable future uses of land and waters of the state.

The 38th Street & Indian School Road WQARF site consists of contaminated groundwater plume located in the vicinity of 38th Street near Indian School Road. The plumes are bounded approximately by Indian School Road to the north, 38th Street to the east, Picadilly Road to the south and 36th Street to the west. The current contaminant of concern in the soil is tetrachloroethene (PCE).

The draft RI report is available for review online at: http://www.azdeq.gov/environ/waste/sps/East_Central_%20Phoenix_38th_Street_Indian_School.html and at the ADEQ Records Center, 1110 W.
