 Map produced by Arizona Department of Environmental Quality (ADEQ), GIS and Data Management Unit, TS Summers
 S:\gisdev\its3\Superfund\2013\Phoenix\WQARF\WCP Projects\WCP Project2013.mxd, web name: allplumesmap
 Data Sources: Arizona Department of Environmental Quality, Arizona Land Resources Information System, Arizona Department of Transportation. Map Made: January 2013
 Projection: UTM, Nad 83, Meters

"Plume boundaries depicted on the site map represent ADEQ's interpretation of data available at the time the map was constructed. The map is intended to provide the public with basic information as to the estimated geographic extent of known contamination as of the date of map production. The actual extent of contamination may be different. Therefore, the continued plume for this site may change in the future as new information becomes available."
