

WQARF Registry

The sites that are currently being addressed by the state's Water Quality Assurance Revolving Fund (WQARF) program are listed on the WQARF Registry. Sites are scored and placed on the Registry using an approved eligibility and evaluation (E&E) model for evaluating risk and other environmental factors. The Registry is updated as sites are added or cleaned up. The information provided includes the E&E score (out of a possible total score of 120), the site name, the city and county where the site is located, and the date the site was added to the Registry.

There are currently 35 sites on the Registry.

Site Name	City	County	Date Added to Registry	E&E Score

ⁱ The Southwest Corner Source Area Portion of the Central and Camelback site was originally placed on the Registry January 20, 1999 with a score of 31.

ⁱⁱ The Shannon Road-Rillito Creek WQARF Site and the El Camino del Cerro WQARF Site were administratively combined into one site, the Shannon Road/El Camino del Cerro WQARF Site in January 2005 based on sampling results showing there is a single plume.
