Re: Request for Written Interim Decision

Dear Director Grumbles:

This Firm represents Salt River Project Agricultural Improvement and Power District (“SRP”), a member of the West Van Buren (“WVB”) WQARF stakeholder group. As you know, SRP has water interests in the WVB area.

Pursuant to A.R.S. § 49-116, we request that the Arizona Department of Environmental Quality make a written interim decision that the Early Response Action proposed by Roosevelt Irrigation District does not meet the technical criteria set forth in A.A.C. R18-16-405.

Sincerely,

David J. Armstrong
