Re: Roosevelt Irrigation District's proposed Early Response Action (ERA)
Request for Written Interim Decision

Dear Director Grumbles:

This Firm represents Arvin Meritor, Inc. and Cooper Industries, Inc., which are members of the West Van Buren WQARF Registry Site stakeholder group.

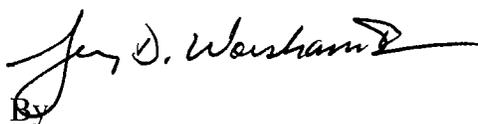

By letter dated January 21, 2010, I sent a request to the Arizona Department of Environmental Quality (ADEQ) for ADEQ to require the Roosevelt Irrigation District (RID) complete a final Work Plan and that ADEQ conduct community involvement activities and a hearing as required under A.A.C. R18-16-405(H). ADEQ conducted a Public Hearing on the captioned matter on March 23, 2010, in which numerous negative comments on the ERA were expressed by a number of interested parties. To date, ADEQ has not completed a formal "Response to Comments" as required for any hearing under community involvement activity. I request that ADEQ complete this document prior to any decision on the ERA.

In addition, pursuant to A.R.S. § 49-116, we request that the ADEQ make a written interim decision that the Early Response Action proposed by Roosevelt Irrigation District does not meet the technical criteria set forth in A.A.C. RI8-16-405.

Sincerely,

GAMMAGE & BURNHAM P.L.C.
