Re: Public Comments for the West Van Buren Feasibility Studies

Dear Ms. Taber:

The Arizona Department of Environmental Quality recently posted two additional documents authored by Synergy Environmental, LLC, on the web page dedicated to the West Van Buren Regional Remedy Evaluation, "RID Response to WVBWG AC CoC COP SRP," and "RID Response to Nucor Meritor Copper." Both of these documents, which contain substantive arguments, are dated February 6, 2015—after the close of the public comment period on January 14, 2015. Are these documents part of ADEQ's official record in this matter? If so, the City of Phoenix requests an opportunity to respond to these untimely comments.

Sincerely,

Matthew L. Rojas
