

ARIZONA DEPARTMENT OF ENVIRONMENTAL QUALITY
Pesticide Contamination Prevention Program
New Agricultural Use Pesticide Form

Company Name: _____ Date: _____

Company Address:

Street City State Zip Code

Pursuant to A.A.C. R18-6-102, before registering a new agricultural use pesticide with the Arizona Department of Agriculture (ADA) under A.R.S. §3-351, an applicant shall submit information that enables the Arizona Department of Environmental Quality (ADEQ) to determine whether the new agricultural use pesticide has the potential to pollute groundwater in the state.

Provide the following information to ADEQ

1. Product Information (If more than one product, attach a list)
 - a. Brand (Product) Name _____
 - b. EPA Registration Number _____
 - c. Formulation Category (e.g., granular, emulsified concentrate, etc.) _____
 - d. Pesticide Type (e.g., fungicide, herbicide, etc.) _____
 - e. Product Label? Yes _____ No _____
2. List the active ingredient(s) _____
3. List the Chemical Abstract Service (CAS) number(s) _____
4. If this is the first evaluation of the active ingredient identified in Question #2 by your company, has your company submitted groundwater protection data to ADEQ? Yes _____ No _____
 - a. If no, please fill out and submit a Data Summary Form with all necessary information or information on why this requirement should not apply (e.g. some seed treatment uses).
5. If the active ingredient(s) were previously evaluated by ADEQ, indicate if your company a manufacturer, formulator or distributor. _____ Manufacturer (a company that makes the active ingredient(s)) _____ Formulator (a company the purchases the active ingredient to reformulate or repackage) _____ Distributor (a supplemental registrant)
6. Who is the source of your active ingredient? (e.g., where was it obtained?) _____
7. If your company is not the original registrant of the active ingredients, did you submit a Letter of Authorization (LOA) from the original registrant? Yes _____ No _____

If no, **do not submit** the request to register your active ingredient until after you obtain a LOA from the original registrant. The following is a link to approved A.I.s by
ADEQ <http://agriculture.az.gov/sites/default/files/adeqapprovedpesticidesseptember2013.xlsx>
8. If you are a **manufacturer**, is your active ingredient(s) registered in California by the California Department of Pesticide Regulation? Yes _____ No _____

If **yes**, do you have documentation, such as a letter of registration **and** product review report? Yes _____ No _____

If **no**, provide a short explanation.

9. If you are a **formulator**, are you relying on the data generated by another company to meet data submittal requirements for registration in Arizona? Yes _____ No _____

If **yes**, do you have a letter of authorization (LOA), evidence of a business contract or endorsed arrangement with the technical product owner of the groundwater data? Yes _____ No _____

If **no**, please fill out and submit a Data Summary Form with all necessary information so your company may register the active ingredient(s).

10. If you are a **supplementary registrant or distributor**, please provide the name of the EPA Original registrant, EPA registration number and LOA to use their groundwater data. _____

Name of Company Representative: _____

Signature: _____ Title: _____

Address: _____
