PART B - Mark "X" in column 2 for each pollutant you know or have reason to believe will be discharged or which is limited directly by an applicable effluent limitations guideline or NSPS or indirectly through limitations on an indicator pollutant. If you mark column 2 for any pollutant, you must provide an estimate of data for that pollutant. *Complete one table for each outfall.* See the instructions for additional details and requirements.

PART C -. Mark "X" in column 2 for each pollutant you know or have reason to believe will be discharged or which are limited directly by an applicable effluent limitations guideline or NSPS or indirectly through limitations on an indicator pollutant. If you mark column 2 for any pollutant, you must provide an estimate of data for that pollutant. The priority pollutants in Part C are divided into three sections. For Section 2 (Dioxin or TCDD), you are also required to report an estimate if you will use or manufacture one of the following six compounds :1) 2,4,5-T, 2) 2,4,5-TP, 3) Erbon, 4) Ronnel, 5) TCP, and 6) HCP. Complete one table for each outfall. See the instructions for additional details and requirements.
