

**Arizona Department of Environmental Quality**  
 Boat Building and Repair Survey of Compliance with  
 Industrial Stormwater Permitting Requirements

**SECTOR R**

The Arizona Department of Environmental Quality (ADEQ) is committed to serving the public and assisting facilities to obtain and maintain compliance with state and federal environmental rules and regulations. To this end, ADEQ is offering compliance assistance to help you avoid compliance actions that could result in penalties and fees for failure to comply with the stormwater permitting requirements specified by the Clean Water Act. Therefore, within 30 days of receiving this letter, please complete and return the following survey to:

**Arizona Department of Environmental Quality; Stormwater Program**  
**1110 West Washington, 5415A-1; Phoenix, Arizona 85007**

**Part A. GENERAL INFORMATION**

Facility Name \_\_\_\_\_ Owner Name \_\_\_\_\_  
 Address \_\_\_\_\_ E-Mail Address \_\_\_\_\_  
 City \_\_\_\_\_ State \_\_\_\_ Zip Code \_\_\_\_\_ Phone Number \_\_\_\_\_

Does this facility currently have stormwater coverage under Arizona Multi-Sector General permit (MSGP) or No Exposure Certification?

- yes Permit Authorization # \_\_\_\_\_ (Skip Parts B-D. Fill out Part E)  
 no (Please fill out the remaining parts of the survey)

**Part B. STANDARD INDUSTRIAL CLASSIFICATION (SIC)**

SIC code (check all that apply):  
 3732; Boat building and repairing

**Part C. FACILITY ACTIVITIES**

Establishments primarily engaged in building and repairing boats, including any of the following:

- Boat kits, not a model
- Boats, fiberglass: building and repairing
- Boats, rigid: plastics
- Boats: motorboats, sailboats, rowboats, and canoes-building and
- Canoes, building and repairing
- Dinghies, building and repairing
- Dories, building and repairing
- Fishing boats, small
- Houseboats, building and repairing
- Hydrofoil boats
- Kayaks, building and repairing
- Life boats, building and repairing
- Motorboats, inboard and outboard: building and repairing
- Pontoons, except aircraft and inflatable (rubber and plastics)
- Skiffs, building and repairing

If you checked any of the above boxes, your facility is required under state and federal law to have permit coverage for industrial stormwater discharges.

(Continue on other side)

**Part D. SURVEY FOLLOW-UP DIRECTIONS**

If your facility is subject to industrial stormwater permitting, but does not currently have permit coverage, please check the applicable boxes:

- Facility Notice of Intent (NOI) is attached
- NOI will be submitted on the following date \_\_\_\_\_
- The facility is regulated, but there are no industrial wastes, materials, and/or processes exposed to stormwater. The facility requests a No Exposure Certification (NEC) form.
- The facility elects not to obtain permit coverage (please be aware, both state and federal rules specify civil and/or criminal fines, penalties, and imprisonment for industrial stormwater discharges without permit coverage)

**PART E. CERTIFICATION STATEMENT**

*I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluated the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.*
