RE: Feasibility Study Work Plan
West Van Buren Area WQARF Site
Phoenix, Arizona

Dear Mr. Pigati:

The Remedial Projects Unit (RPU) of the Arizona Department of Environmental Quality (ADEQ) has reviewed the above referenced Feasibility Study Work Plan (Work Plan) dated September 6, 2011 for the West Van Buren Area (WVBA) Water Quality Assurance Revolving Fund (WQARF) Registry Site (the Site). The Work Plan was prepared for the West Van Buren WQARF Site Working Group (WVB Working Group) by Haley & Aldrich, Inc. Review of this Work Plan was conducted under the working agreement between ADEQ and the WVB Working Group dated January 15, 2013. This Work Plan presents information regarding the procedures to be followed when conducting a Feasibility Study (FS) and prepare a FS report.

The RPU has the following comments:

Specific Comments

1. Section 2, 3rd paragraph, 1st sentence – The Work Plan should reference the final Remedial Investigation Report dated August 2012.
2. Section 2.2 – The City of Tolleson should be identified as an adjacent water provider.
3. Section 3.1.4, 1st paragraph, 1st sentence – The Department of Energy (DOE) address should be corrected to 43rd Avenue instead of 43rd Street.
4. Section 4.1, 2nd paragraph, 1st sentence – This sentence should be corrected to note that ChemResearch Company, Inc. (CRC) has conducted soil excavation as part of remedial activities.

ADEQ appreciates the submittal of the Work Plan. The comments presented in this letter should be incorporated in the Final Work Plan. Please contact me at (602) 771-2296 if you have any questions.

Sincerely,

André Chiaradia
Manager
Remedial Projects Unit
