Joel,

ADEQ is in receipt of Synergy's letter dated February 2, 2016, proposing revisions to Roosevelt Irrigation District's (RID) Operation and Maintenance (O&M) plan. ADEQ approves the updated O&M plan reducing the number of wells being treated as part of the ADEQ-approved RID Modified Early Response Action.

Please let me know if you have any questions.

Thanks,

Laura

Scott:

Laura asked me to take a look at the *Proposed Changes to the O&M Plan, Revision 7* dated February 2, 2016. A redline strike out version was provided to detail the changes. The revisions seem minor and do not significantly revise the O&M plan. I recommend the updated O&M be approved as requested in the 2-2-16 cover letter from Joel Peterson.

Please let me know if any questions.

Thanks

Rich
