

In an ongoing effort to assist public water systems with the notification requirements of R18-4-303(B) of the Arizona Administrative Code (A.A.C.), the Monitoring Assistance Program (MAP) is providing the attached postage paid update card. The purpose of this card is to obtain basic public water system-related information which system owners are required by rule to report annually to the Arizona Department of Environmental Quality (ADEQ). Please take a few moments to look at the current MAP system information below and ONLY update any old or incorrect information on the blank update card. If all the information is correct please check the line at the bottom of the update card. Then sign, date and return the card.

If your public water system is incorporated or if the owner is another corporation, please list only the corporation name as the 'Legal Owner.' In addition, the number of service connections that is listed on this card will be used, in part, to determine your public water system's 2014 MAP invoice. Therefore, please ensure that the number of service connections listed below is accurate as ADEQ will not allow public water systems to make number-related changes on their MAP billing invoice.

Please return the card by June 30, 2013. If you have any questions, please contact Mary Kaye Black, at (602) 771-4518 or (800) 234-5677, extension 771-4518 or via email at mb13@azdeq.gov.

PWS ID Num: **AZ0434567** PWS Name: **SPRING A LEAK WC**

PWS Legal Owners Name: **JOE SHMOE ENTERPRISES**

PWS Legal Owners Phone: **928-555-5555**
